- UI/UX Design
- Software Development
- Technical Support

### TOOLS

- Cypress
- Javascript
- Python
- Git
- AWS
- Zephyr
- Postman
- Adobe XD
- Figma
- Jira

### SUMMARY STATEMENT

From a very young age, I enjoyed problem solving. I am passionate about tech and using it to solve people's problems. I am enthusiastic on embracing new trends through the entire cycle of planning, designing, developing and maintaining large-scale applications from concept to actualization. Having worked as a software developer, quality analyst and program manager; my idea is to come up with technical solutions that provide highly scalable performance and bring profits.
